Legal Notice and Anti Fraud Advisory

Effective date: 27 September 2026 | Last reviewed: 1st October 2026

DOTG is committed to a discreet, secure and trustworthy guest experience. This notice helps guests, partners and sponsors recognise official communications and avoid fraud.

Official channels only

Official information, invitations, registration links, sponsorship packages and payment instructions will be communicated only through www.diplomatsonthegreen.com, verified DOTG social media accounts and emails ending in @diplomatsonthegreen.com. We will publish verified telephone and email contacts on the website.

Confirm before you pay or share data

Before sending money, confirming sponsorship, uploading documents or sharing personal information, independently verify the request with the Organising Secretariat using contact details shown on the official website. Do not rely on a forwarded invoice, social-media message, unfamiliar payment account or urgent request from an unverified source.

DOTG will never ask for;

- Your password, PIN, one-time password (OTP), mobile money code or online-banking login.
- Payment to a personal account that is not formally verified through the Organising Secretariat.
- A fee in exchange for a Government endorsement, diplomatic invitation, accreditation or guaranteed participation.

Protecting the DOTG name

Unauthorised use of the DOTG name, logo, invitations, sponsor materials or guest lists is prohibited. No person may claim to represent DOTG, a Government institution, an embassy, a sponsor or the Organising Secretariat without documented authority. DOTG may suspend access, cancel an accreditation, report suspected impersonation or fraud, and pursue appropriate legal remedies.

Report a concern

Report suspected scams, fake invitations, impersonation, fraudulent payment instructions or misuse of personal data immediately to info@diplomatsonthegreen.com and, where appropriate, the relevant authorities. Preserve the message, payment details and supporting evidence. Do not reply to or make payment to the suspected sender.

Legal framework

This website notice is intended to operate consistently with applicable Tanzanian law, including personal-data protection, cybercrime and online-content requirements. It will be reviewed before any public registration, payment or marketing campaign is activated.
