Privacy Policy

Effective date: 27 September 2026 | Last reviewed: 1 October 2026

This Privacy Policy explains how FNR Golf Classic Sports Promotion and Sente International, acting through the DOTG Organising Secretariat (we, us), collect, use, share and protect personal data through the DOTG website, registration portal and event operations.

Data we collect

Depending on your interaction with DOTG, we may collect your name, professional title, organisation, email address, telephone number, registration and RSVP details, playing information, costume size, sponsorship enquiry, dietary or accessibility requirements, and website or device data. We collect only information that is reasonably needed for the relevant purpose.

Why we use your data

We use personal data to manage invitations, registrations, accreditation, event operations, official communications, partnership discussions, security and legitimate event administration; to respond to enquiries; and to meet applicable legal obligations. We will request consent where it is required, including for non essential cookies and direct marketing. You may opt out of marketing communications at any time.

Photography, video and junior participants

DOTG may photograph or film event activity for official records and approved promotional coverage. Where consent is required, we will request it through the registration process or event notice. Junior golf participants must be registered by, or with verified consent from, a parent or legal guardian. We do not knowingly collect children's personal data through general website forms.

Sharing, payment and international services

We may share data only where necessary with approved service providers, venue and tournament teams, technology providers, professional advisers, sponsors where you have agreed or where relevant to a stated benefit, and authorities where required by law. We do not sell personal data. If online payment is enabled, payment-card information is handled by the selected payment provider and is not stored by DOTG. Where data is processed outside Tanzania, we will apply appropriate safeguards and comply with applicable requirements.

Retention, security and your rights

We use reasonable technical and organisational safeguards and retain data only for as long as needed for the purpose collected, legal requirements, dispute management and event records. Subject to applicable law, you may request access, correction, deletion, objection, withdrawal of consent or raise a complaint. Contact info@diplomatsonthegreen.com. You may also contact the Personal Data Protection Commission of Tanzania.
